Don’t believe everything you read online!

Questions to ask when evaluating what you see on the web:

- **AUTHORITY**
  - Who are the authors or who is responsible for the information?
  - Is the author or organization qualified to provide the information?

- **ACCURACY**
  - Do you have good reason to believe that the information on the site is accurate?
  - Are the facts documented?

- **OBJECTIVITY**
  - What is the purpose of the site?
  - What is the author’s point of view?
  - Is the information unbiased or does the website admit to its bias?

- **CURRENCY**
  - When was the information on the page originally written?
  - Has the site been revised or updated?

- **COVERAGE**
  - How much and how well is the information covered?
